Research Interests

Flow-based Generative Models ▪ One-step Generative Models
Image and Video Generation ▪ Generative Model Dynamics and Stability

Education

Korea University M.S. student, Department of Computer Science and Engineering Advisor: Paul Hongsuck Seo	Sep. 2025 – Present Seoul, Korea
Korea University B.S. in Computer Science and Engineering GPA: 3.86 / 4.5	Mar. 2019 – Aug. 2025 Seoul, Korea

Research Experience

Multimodal Interactive Intelligence Laboratory Graduate Researcher Research Intern Research on flow-based generative modeling, with a focus on image editing and one-step generation.	Korea University Sep. 2025 – Present Oct. 2024 – Aug. 2025
Machine Learning and Vision Lab Research Intern Korea University, Korea	Dec. 2023 – Sep. 2024

Selected Research Projects

Flow-based Image Editing Investigating state construction, guidance, and trajectory dynamics in flow-based image editing.	2026 – Present
One-step Generative Models Studying training dynamics and stability in one-step generative models based on learned average velocity fields.	2026 – Present
DRIFT — Temporal Propagation with Image Diffusion Models Studied diffusion self-attention for temporal label propagation in video object segmentation.	Feb. 2025 – Mar. 2026
VF-VARS — Video Assistant Referee Systems Multi-view foul recognition using video foundation models (SoccerNet 2024).	Mar. 2024 – Jun. 2024

Awards & Honors

2nd Place — Individual Research and Capstone Design Fair 2025 Spring Semester Korea University, Korea	Jul. 2025
2nd Place — SoccerNet 2024 Challenges Multi-View Foul Recognition CVPR 2024	Jun. 2024
1st Place — 13th KSME Student Creative Design Competition The Korean Society of Mechanical Engineers, Korea	Oct. 2023
3rd Place — Capstone Design Fair 2020 Korea University, Korea	Sep. 2020

Teaching Experience

Data Science and Artificial Intelligence (UNIV021) Teaching Assistant Korea University	Fall 2026
AI Expert Program — Algorithm Track Teaching Assistant Samsung Electronics	Spring 2026
Advanced Deep Learning (COSE475) Teaching Assistant Korea University	Fall 2025
